3. THE PROCEDURE FOR EVALUATING AND SELECTING APPLICATIONS FOR FINANCING

Applications shall be subject to formal and merit-based evaluation.

3.1. Formal evaluation

The objective of the formal evaluation is to verify the application for the compliance with the formal criteria indicated in these Rules. In case an incomplete application is submitted, the Applicant shall be requested to supplement missing documents (attachments) within 14 days from the date of the request, and shall be informed that a failure to supplement shall result in application being not considered. It is possible to supplement the application once within the time limit and to the extent indicated in the notification sent to the Applicant's e-mail address via the ICT system of the Agency. If the application is either not corrected or corrected erroneously, it will be left without consideration.

NAWA may also request the Applicant to provide further documents or clarifications. Information on the necessity to supplement the application or provide further clarifications shall be sent electronically as a notification from Agency's ICT system to the Applicant's e-mail address found in the system or directly via e-mail. The form of communication with the Applicant used for the purpose of supplementing the application/providing clarifications, shall be correspondence via the

Agency's ICT system and correspondence via e-mail. The Applicant is obliged to regularly check their correspondence in the Agency's ICT system as well as their e-mail inbox.

Applications shall not be given consideration, if:

- they were submitted after the deadline designated in the announcement of the call for applications,
- they fail to meet the formal requirements specified in the announcement of the call for applications for participation in the Programme, including being submitted without all the required attachments.

The formal evaluation of the applications is conducted by NAWA employees. Applicants shall be informed via the ICT system of the Agency about the result of formal evaluation. Positive result of the formal evaluation of submitted application (and its required attachments) is a prerequisite for the Applicant to proceed to the stage of merit-based evaluation under the Programme. Should an application be left out of consideration, the Applicant may submit an application for reconsideration, pursuant to Article 25(2) of the Act on NAWA. The Applicants who successfully complete the first stage of merit-based evaluation (see part 3.2.3 of these Regulations for more information) shall be obliged to submit to NAWA the certificate confirming their admission to studies. Evaluation of the process of submitting these documents constitutes one of the components of the formal evaluation of the Applicant and is carried out by NAWA employees.

3.2. Merit-based evaluation

3.2.1. General information

Merit-based evaluation of applications shall be carried out by the Examination Committee appointed by the NAWA Director, based on the results of interviews with the Applicants. The interviews are conducted based on the overview of the planned topic of the master's thesis submitted in the application (description of the topic and concept for the thesis, its research problem and methodology); they also refer to the scientific activity of the Applicant in the field related to his/her field of study (previous activity of the Applicant, his/her interests and plans).

The Examination Committee consists of the chairperson and committee members – external experts in the field of scientific disciplines covered by the interview pursuant to the Regulation of the Minister of Science and Higher Education of 20 September 2018 on the fields of studies as well as scientific and artistic disciplines (Journal of Laws of 2018, item 1818).

The interviews shall be held in Warsaw as well as other cities or countries depending on the number of Applicants. NAWA Director may decide on a different mode for holding the interview (e.g. in the form of a video conference) in the case of Applicants for whom arriving to the interview would entail significant difficulties and costs. The Applicants whose applications advanced to the merit-based evaluation stage shall be informed about the time and place of the interview via e-mail. Information regarding this topic shall also be made available on the website www.nawa.gov.pl.

Information on external experts carrying out the merit-based evaluation for the application shall be confidential and shall not be made publicly available. Every year, NAWA shall publish an

alphabetical list of external experts participating in the evaluation of applications in the given calendar year, collectively for all Programmes.

3.2.2. Detailed rules governing the merit-based evaluation

Merit-based evaluation of Applicants shall be carried out by the Examination Committee in the form of interviews based on the following criteria:

Item	Description of the criterion	Person carrying out the evaluation	Score
1.	Knowledge of the scientific discipline related to the Applicant's field of study carried out on the basis of the overview of the proposed diploma thesis (topic and concept of the thesis, description of the research problem and research methodology), as well as assessment of the chosen field of study based on the evaluation by the Polish Accreditation Committee.	Examination Committee	0-60
2.	The Applicant's scientific activity based on: - his/her previous activity related to the planned field of study and the proposed topic of the diploma thesis, e.g. publications, participation in conferences (as speaker, poster), participation in research projects (0-15 points); - his/her previous activity related to another scientific discipline, e.g. publications, participation in conferences, participation in workshops (0-10 points); - his/her other previous scientific activity, e.g. received distinctions, awards (0-10 points); - his/her scientific plans, e.g. plans to take part in conferences, seminars (0-5 points).	Examination Committee	0-40
Total:			0-100

The Applicant has to score at least 40 points in total, including no less than 30 points for criterion No. 1 – Knowledge of the scientific discipline related to the Applicant's field of study carried out on the basis of the overview of the proposed diploma thesis.

In justified cases, NAWA Director may extend the deadline for carrying out merit-based evaluation.

3.2.3. Closing the call for applications and informing about its results

The call for applications shall be carried out in two stages:

- stage 1: based on the results of merit-based evaluation, a ranking list of applications recommended for financing is drafted, and the Applicants receive a **promise** to be granted NAWA scholarship,
- stage 2: **authorisation of the decision to grant funding under the Programme** to Applicants who submit the certificate confirming that they have been enrolled at studies on the faculty classified to category A or A+ approved by HEIs within the deadline specified by NAWA.

The Chairperson of the Examination Committee shall create a ranking list of Applicants based on the results of interviews. This list shall then be submitted for approval to the Agency's Director, along with recommendations for granting scholarships to particular Applicants.

The ranking list shall include:

1. applications which received a positive merit-based evaluation and which were recommended for the scholarship;
2. applications with a positive merit-based evaluation placed on the reserve list, which shall receive financing in the absence of a signed agreement with another Applicant eligible for financing or if funding for scholarships shall be freed following the first semester due to the fact that some Scholarship holders lost their right to receive the scholarship. If such circumstances occur persons ranked further on the ranking list shall be recommended for financing, accounting for their score in the merit-based evaluation;
3. applications with a negative merit-based evaluation, i.e. applications which scored less than 40 points in total, or less than 30 points for criterion No. 1 – Knowledge of the scientific discipline related to the Applicant's field of study carried out on the basis of the overview of the proposed diploma thesis. These applications shall be considered as failing to meet the quality criteria and the Applicant shall not receive financing, even in the case of sufficient funds in the Programme.

The NAWA Director gives the Applicants included on the list of applications recommended to be covered by the scholarship a **promise** to be granted funding within the limit of vacancies under the Programme. Such Applicants shall be obliged to fulfil all formal requirements related to enrolment on studies at the faculty of HEI classified to category A or A+ under the latest parametric evaluation and to submit the certificate confirming this fact to NAWA **by 10 September 2019**. Certificates submitted after this deadline shall not be accepted, and the vacancy under the Programme will be offered to the next Applicant from the ranking list. We suggest that the Applicants from the reserve list also submit the certificates confirming their enrolment at studies offered by the institution compliant with the requirements of the Programme by 10 September.

By 30 September, the NAWA Director shall issue a decision on granting or refusing to grant Applicants funds under the Programme, based on the total number of points they scored in the merit-based evaluation and submitted certificates confirming their enrolment on HEIs.

The NAWA Director may decide not to grant funding to applications which were recommend for financing. The reasons for a refusal of financing include:

- 1) the Applicant being in arrears with liabilities towards NAWA;
- 2) NAWA becoming aware of information affecting the process of allocating funds for the implementation of the Programme;

- 3) lack of funds;
- 4) other circumstances that prevent the Applicant from participating in the Programme.

Decision of the NAWA Director awarding the right to enrol in and pursue studies (a preparatory course), granting a scholarship and waiving education fees (only for public HEIs) or refusing to grant a scholarship under the Programme, shall be sent to the Applicant via the Agency's ICT system. The list of Scholarship holders shall be published on NAWA's page in the Public Information Bulletin. The aforementioned decision of the NAWA Director covers the entire period of studies.

3.3. Candidates' approval by higher education institutions in Poland

In order to obtain a decision on having been granted the scholarship, the persons who received a promise to be granted the scholarship and were declared to be eligible for taking part in the Programme shall be obliged to meet all formal requirements indicated by HEI, including presenting the original of the certificate of completion of first-degree studies, legalised or stamped with an apostille by the institution authorised to do so in the country of issue.

HEIs may conduct examinations as part of the enrolment procedure for certain fields of study. In particular, HEIs may organise additional proceedings for enrolment at sports- or architecture-related fields of study in order to test the candidate's skills and predispositions.

Polish HEIs operate under a system of electronic registration of candidates. Persons applying to study in line with the conditions of the scholarship should register via an HEI's internet system within the deadlines specified by the HEI and in adherence to rules governing foreigner registration, on conditions of a NAWA scholarship.

Final decisions regarding admissions of the Applicants shall be made by the HEIs. Non-public HEIs shall also specify the financial conditions of education. NAWA does not reimburse registration fees.

3.4. Appeal procedure

1. The Applicant, having received information either about their application being left out of consideration or the NAWA Director's decision refusing to grant funding, may request the Director to reconsider in the case of any formal infringements occurring in the course of granting funds.
2. The request to reconsider the case shall only cover reservations related to formal issues in the process of granting funds, and not to the validity of the merit-based evaluation. Submitting the request for reconsideration for other reasons shall result in a decision stating the inadmissibility of the request for reconsideration.
3. The request for reconsideration should be submitted to the Director within 14 days from the date of the decision or information about the request having been left without consideration, to the following address:
Polish National Agency for Academic Exchange
ul. Polna 40

4. When:

- a decision is issued stating the inadmissibility of the request for reconsideration,
- the NAWA Director issues a decision refusing to grant funds in the case the request for reconsideration has been accepted,
- the NAWA Director issues a decision refusing to grant funds or upholding the decision of the Director of NAWA refusing to grant funds;

The Applicant may lodge a complaint with the Regional Administrative Court in Warsaw, ul. Jasna 2/4, 00-013 Warsaw. The complaint shall be lodged through the Director of the Polish National Agency for Academic Exchange located at ul. Polna 40, 00-635 Warsaw, within 30 days from the receipt of the aforementioned decision.

5. No person who at any stage was performing any activities related to the application or was involved in its evaluation is allowed to participate in the examination of the request for reconsideration. When considering the aforementioned requests, the Director may consult external experts.

4. SCHOLARSHIP AGREEMENT

The Applicant shall gain the Scholarship holder status upon signing the agreement under the Programme.

The Scholarship agreement with the Scholarship holder shall be signed on the basis of the Director's decision on granting funds under the Programme. Based on the decision of the NAWA Director, Scholarship holders undertake and complete studies in Poland.

The agreement shall be concluded between the Polish National Agency for Academic Exchange and the Scholarship holder through the institution carrying out the course or the HEI, respectively, by 31 October of a given year when the Scholarship holder began the course, actual course of studies, or continued with previous studies, or by 31 March in the case of persons beginning their studies in the summer semester of a given academic year.

The Scholarship holder shall sign the agreement in two copies. The HEI shall send signed copies of the agreement to the Polish National Agency for Academic Exchange.

In addition, the Scholarship holder shall be obliged to submit to NAWA originals of the following documents related to personal data, which NAWA needs for the purposes of reporting under the SL2014 system: Declaration of the Project participant and Personal data form of the Project participant – templates of both these documents constitute attachments to the Agreement with the Scholarship holder, which constitutes Attachment No. 4 to these Regulations.

2. The Scholarship holder has the right to:

- receive scholarship pursuant to the Programme Regulations;
- change their field of studies in the following manner:

In order to change the field of study, the Scholarship holder has to submit to NAWA the relevant application along with justification and the promise of admission to the chosen field of study. The application shall be submitted through the HEI. Changing the field of studies prior to the Scholarship holder's enrolment in the studies shall not be possible.

- change the HEI where the Scholarship holder plans to enrol or is already enrolled in studies, in the following manner:

Changing HEIs shall require the Scholarship holder to submit an application to NAWA, along with their reasoning and the promise of admission to the faculty of the target HEI classified to A or A+ category under the latest parametric evaluation. The application shall be submitted through the HEI where the Scholarship holder is studying. Changing the HEI prior to the Scholarship holder's enrolment in the studies shall not be possible.

Decisions regarding the possibility of changing the HEI, changing the fields of study, as well as the financial conditions of these changes, are made by the NAWA Director based on the opinions of the Team for Students' Programmes (the opinions of the Team are not required for changing the field of studies within the same scientific discipline, as defined in the Regulations).

6. RULES GOVERNING SCHOLARSHIP PAYMENT

1. NAWA Director's scholarship shall be granted for the duration of the period of studies specified in the Regulations, i.e. for the number of semesters indicated in the regulations applicable to given studies.
2. NAWA Director's scholarship shall be paid out by NAWA once a month to the individual account of the Scholarship holder kept in a bank located in Poland.
3. The Scholarship is planned to be co-financed by the European Social Fund under the Operational Programme Knowledge Education Development.
4. NAWA's Scholarship holder shall be obliged to collect a living allowance scholarship from a single source only, i.e. exclusively from the funds granted to them in view of the fact that they are Scholarship holders under the Programme. The living allowance scholarship can be collected by Scholarship holders found eligible for scholarship exchanges abroad or for study exchanges under inter-HEI exchange they were directed to by their home HEI, provided that they respect the principle of single funding. The Scholarship holder applying to have his scholarship maintained during their visit co-financed from other funds shall be obliged to file an application to NAWA for the continued pay out of the scholarship along with the relevant justification, opinion of the home HEI and confirmation of the source of financing clearly indicating that there is no risk of double financing of activities from the financing provided under at least one fund, programme, instrument or initiative supported by the Union budget.
5. In the case of students of second-degree studies, the scholarship shall amount to PLN 2,000 per month (ca. EUR 460).
6. The scholarship shall be granted for a single form of education, as well as for one field of studies. 7. The scholarship shall be paid out for the maximum of 12 months, in a given academic year starting from the first month of classes during studies; in particular in the case of issuing a decision on financing during a given academic year, the scholarship shall be granted for a period shorter than 12 months in that academic year.
8. In order to continue to receive the scholarship during the second semester of a given year, the Scholarship holder has to submit a certificate from the HEI referred to in part 7 of these Regulations, confirming that the Scholarship holder has been enrolled at the second semester of the studies.
9. In order to continue to receive the scholarship in the following academic year, the Beneficiary is required to submit a correct and complete Report referred to in part 7 of these Regulations.
10. The scholarship payment shall be suspended (temporarily withheld), if the Scholarship holder:

 - is on a dean's leave (or other similar justified leave of absence),
 - stays outside of Poland for more than 30 days – except for making a visit with the HEI's approval and which is in line with the principle of single financing indicated in part 6(4).

Once the reasons for suspending the scholarship cease to apply, the Scholarship holder may request the Agency, through the HEI, to reinstate the scholarship.

11. The NAWA Director establishes the conditions of financing education, i.e. exemption from study fees for the duration of the period of scholarship suspension, with regard to public HEIs; in the case of private HEIs, such conditions are determined by the HEI in which the Scholarship holder receives his/her education.
12. The scholarship shall be withdrawn (deprivation of the right to collect the scholarship) and the agreement with the Scholarship holder terminated, if the Scholarship holder:

13. Should the scholarship be withdrawn on account of the Scholarship holder re-taking a year under the Programme, specifying the financial conditions for allowing the Scholarship holder to continue studies at the public and private HEI shall fall under the purview of the relevant HEI. The Scholarship holder may continue their studies without a scholarship from NAWA, provided that they have the consent of the relevant HEI.
