- 2) quality of the achieved results.

If necessary, the Evaluation Team may consult the Reviewer.

In the Final Report, the Scholarship Holder will take into account any exceptions that occurred during the Scholarship implementation, affecting the amount of funding awarded, in particular those related to shortening the period of stay at the Host Centre.

If the amount of funds transferred to the Scholarship Holder exceeds the amount resulting from the financial settlement in the Final Report, the Scholarship Holder will be obliged to reimburse the amount of the difference between the amount paid and the amount of due.

If the required Report is not submitted or an incomplete Report is submitted, the Scholarship Holder will be obliged to correct or complete the report within 14 days from the date of receiving relevant information. It is assumed that the Scholarship Holder may be invited to participate in the evaluation once during his/her stay in Poland and once within 2 years after the completion of the Scholarship.

If the application submitted before the introduction of the changes does not meet the requirements resulting from these changes, the Applicant will be obliged to submit the application again or to complete it.
