

**Evaluation questionnaire**  
for participants of the Ulam Programme  
Projects selected during the call for proposals in 2019:

---

First name:

Last name:

Title of the Scholarship:

---

1. Please indicate what kind of activities you carried out during your Scholarship stay (you can give multiple answers):
  - a) completing the first or a subsequent post-doctoral fellowship;
  - b) conducting scientific research, including in cooperation with Polish scientists or research teams;
  - c) obtaining materials for research or a scientific publication;
  - d) conducting didactic classes at the host institution.
  - e) other activities.
  - f) other activities; please indicate: .....
  
2. During your stay in Poland, were you involved in preparing a research grant application that was ultimately submitted to a competition?  
 yes  
 no
  
3. If the answer to question 2 is “yes” – please indicate:
  - the number of applications submitted: .....
  - the number of applications which received funding: .....
  - names of the competitions: .....
  - the number of applications being evaluated: ....
  - names of the competitions: .....
  
4. During your stay in Poland, did you contribute to a scientific publication as a co-author?  
 yes  
 no
  
5. If the answer to question 4 is “yes”, how many publications:
  - featured your contributions?
  - how many of these publications have been submitted to a journal/publishing house and are currently under peer review?
  - how many of these publications have been published or accepted by a journal/publishing house and are waiting to be published?

6. What are your career plans for the coming year?

- I plan to continue working in the institution which hosted me during my stay in Poland.
- I plan to remain in Poland but I intend to take up employment in another institution
- I plan to leave Poland and re-establish cooperation with the institution I was directly involved with prior to my stay in Poland
- I plan to leave Poland and establish cooperation with another institution
- none of the above

7. How would you rate the chances of continuing cooperation with the people you worked with during your stay in Poland over the next 12 months?

- I believe that the chances for that cooperation to continue are very high
- I believe that there are chances for that cooperation to continue, but they range from small to moderate
- I believe that there are no chances for that cooperation to continue

8. If you intend to continue the cooperation, what areas will it extend to (you can choose more than one option)?

- continuation of research projects initiated during the stay
- implementation of new research projects, provided that funding is granted
- applying for new research grants
- preparing a scientific publication
- other extent of cooperation; please specify?.....

9. If you have chosen a), b), c) or e) in question 1, please assess whether your stay has affected your research competence:

- the stay has significantly strengthened my competence in this area
- the stay has slightly strengthened my competence in this area
- the stay has not significantly affected my competence in this area

10. If you have chosen d) in question 1, please assess whether your stay has affected your teaching competence?

- the stay has significantly strengthened my competence in this area
- the stay has slightly strengthened my competence in this area
- the stay has not significantly affected my competence in this area

11. Did your stay affect the extent of your knowledge in the area of your scientific interests?

- the stay has significantly broadened my knowledge
- the stay has slightly broadened my knowledge
- the stay did not significantly affect the extent of my knowledge

12. If your visit also had other effects (scientific or professional) that you consider relevant and were not mentioned above, please describe them: .....

13. How do you assess the usefulness of your exchange to your further career?  
useful

- very useful
- moderately useful
- difficult to say

14. How do you rate the conditions of the stay offered to you by the Host institution?

a) Conditions for conducting research and scientific work (access to specialist equipment, laboratory, equipment for daily work)

- positive
- rather positive
- difficult to say
- rather negative
- negative

b) The quality of service offered by the administrative staff of the HEI

- positive
- rather positive
- difficult to say
- rather negative
- negative

c) Degree to which the HEI's academic and scientific staff was open to cooperate with you and their overall commitment

- positive
- rather positive
- difficult to say
- rather negative
- negative

15. How do you rate NAWA's support at the project implementation stage?

- positive
- rather positive
- difficult to say
- rather negative
- negative

Justification: .....

16. Would you like to suggest any modifications or improvements to the Programme?

- a) conditions for participation in the Programme: .....
- b) financial conditions of the stay .....
- c) other areas of the Programme .....

17.What was the greatest difficulty you faced when participating in the Programme (please consider both the application stage and the stage of stay)?

18.What do you consider to be the Programme's greatest advantage?

.....

19.Would you recommend participation in the Programme to your colleagues from your HEI or institute:

- definitely yes
- rather yes
- difficult to say
- rather not
- definitely not

Justification

.....
