IV. SUBMISSION OF THE APPLICATION FOR GRANTING FUNDS AND CONCLUSION OF THE CALL FOR PROPOSALS

1. Registration and use of the Agency's ICT system

Pursuant to Art. 14. of PNAAE the Agency operates an ICT system in which the data necessary for issuing decisions on granting funds under the Agency's Programmes are processed. The scope, rules and terms of using the system are described in "the Regulations of the use of the Agency's ICT system".¹

The Applicant shall be obliged to regularly check correspondence in the Agency's ICT system after submitting the Application.

2. Submission of the application in the Agency's ICT system

¹ The Regulations are available at:

It shall be the responsibility of the Applicant to check whether the operation of sending the application has been completed correctly.

3. General rules for submitting applications

By submitting the application, the Applicant accepts the terms and rules specified in the Announcement as well as in the Regulations and in the attachments

The Agency reserves the right to cancel the Call for proposals, in particular in the event of introducing significant changes in legal regulations affecting the terms of the Call for proposals, occurrence of force majeure or in other justified cases.

All information necessary for the proper conduct of the Call for proposals shall be published by the Agency at: www.nawa.gov.pl. It is recommended that Applicants familiarize themselves with the information posted on the above mentioned website on an ongoing basis.

The Applicant is obliged to correctly complete the Application in accordance with the guidelines contained in the Agency's ICT system, which specify in detail the scope of information necessary to be presented in each of the obligatory fields of the application. Substantive information entered into the Application by the Applicant shall be entered in the fields designated for this purpose. Placing descriptions in parts other than those designated or dividing them between different parts may constitute a reason for lowering the merit-based evaluation of the Application or not awarding points for the relevant merit-based evaluation criterion.

If more Applications are submitted than allowed by the rules applicable for a given Programme, only the last submitted applications, according to the time of their submission in the Agency's ICT system, shall be submitted for evaluation.

4. List of required attachments to the application

The required information in this regard shall be specified in the Announcement.

5. Evaluation of the application

Detailed rules for evaluation of the Applications shall be described for each Programme in the Announcement.

5.1. Formal evaluation of the application

The purpose of the formal evaluation is to verify the Applications in terms of meeting the formal criteria specified in the Announcement.

If necessary, the Agency may, once within a given scope, request the Applicant to provide additional documents or explanations. Information on the need to supplement documentation/provide explanations to the application shall be sent electronically as a notification from the Agency's ICT system to the Applicant's e-mail address.

Applications which do not meet the formal requirements specified in the Announcement shall be left out of consideration.

5.2. Merit-based evaluation of the application (if applicable)

The purpose of the merit-based evaluation is to verify the Applications in terms of meeting the quality criteria indicated in the Announcement.

Only Applications which meet the formal criteria shall be submitted for merit-based evaluation. The components and criteria of the evaluation shall be specified in the Announcement.

At the stage of merit-based evaluation, the Application may receive a maximum of 100 points. The Application which has been awarded less than 60 points as a result of the evaluation shall be considered as not meeting the quality requirements, which means a negative merit-based evaluation. In such situation, the Application may not receive financing, even with sufficient funds available under the Programme.

The merit-based evaluation shall be carried out by the Evaluation Team appointed by the NAWA Director. External experts shall be selected in accordance with the procedure in force at NAWA.

The merit-based evaluation of Applications may be performed by External Experts, including Reviewers. In the event of a discrepancy in the evaluation which exceeds 30% of the maximum score, the Agency reserves the right to appoint additional Experts to conduct the evaluation.

The names and surnames of External Experts who conduct merit-based evaluation under the Programme are not published. The Agency shall publish annually the alphabetical list of External Experts participating in the evaluation of applications in a given calendar year, jointly for all Programmes.

6. Conclusion of the call for proposals

As a result of the merit-based evaluation, the list of Applications recommended for financing is prepared and the lower score threshold for applications recommended for financing is established, which, however, cannot be lower than 60 points.

The list may include Applications which have been awarded not less than 60 points, which may receive funding, if no agreement is signed with the Applicant qualified for financing.

The Director shall make the decision granting or refusing to grant funds under the Programme, taking into account the list of applications recommended for funding, the purpose of the Programme and the effective use of funds allocated for its implementation.

The reasons for refusal to grant financing shall be in particular:

- 1) the Applicant being in arrears with obligations towards the Agency;
- 2) obtaining by the Agency information affecting the process of granting funds for the implementation of the Project;
- 3) lack of financial resources;
- 4) other justified circumstances.

The decision to grant or to refuse granting funds under the Programme shall be sent to the Applicant in the Agency's ICT system.

The list of Scholarship Holders/Fellows with their names and surnames shall be published on the Agency's proprietary site in the Public Information Bulletin (BIP).

7. Appeal procedure

In the event of any formal violations in granting funds, the Applicant may request the Director of the Agency to reconsider the case.

The request for reconsideration of the case may include reservations only as to formal issues in the process of granting funds, and not to the merits of the merit-based evaluation. Submitting the request for reconsideration of the case for another reason may result in issuing a ruling stating the inadmissibility of submitting the request for reconsideration of the case.

The request for reconsideration of the case should be submitted to the Director of the Agency within 14 days from the date of receipt of the decision, in writing to the following address:

Narodowa Agencja Wymiany Akademickiej
ul. Polna 40
00-635 Warszawa

or electronically to the address of the Agency's Incoming Mailbox in the form of an electronic document bearing a qualified electronic signature (a trusted signature, a personal signature or a signature authenticated in a manner ensuring the possibility of confirming the origin and integrity of the verified data in electronic form).

Persons who at any stage performed activities related to a specific request, including those involved in its evaluation, may not participate in the consideration of the request for reconsideration of the case. The Director of the Agency, considering the above-mentioned requests, may be consulted by external experts.

The Applicant may submit a complaint to the Provincial Administrative Court in Warsaw against the ruling stating the inadmissibility of submitting the request for reconsideration of the case or against the decision of the Director of the Agency, to the following address:

Wojewódzki Sąd Administracyjny w Warszawie
ul. Jasna 2/4
00-013 Warszawa.

The complaint shall be lodged via the Director of the Polish National Agency for Academic Exchange within 30 days from the date of delivery of the above-mentioned decision or ruling.

In the decision granting funds, the Agency shall specify the activities to be performed by the Applicant and the deadline for their performance.

The conclusion of the Agreement with the Applicant shall take place on the basis of the decision of the Director of the Agency granting funds under the Programme, after the successful completion of the Application evaluation procedure.

The model Agreement constitutes the attachment to the Regulations.

The Agreement shall be made available to the Scholarship Holder/Fellow in the Agency's ICT system, of which the Scholarship Holder/Fellow shall be informed in an e-mail sent to the e-mail address provided during registration in the Agency's ICT system.

- 1) supplementing and checking the correctness of the data contained in the Agreement, including address and bank details and, in the case of finding irregularities, reporting them to the Agency;
- 2) conclusion of the Agreement on the date and on the terms specified in the Announcement.

If the Applicant selected in the call for proposals fails to sign the Agreement with the Agency within the deadline, financing may be awarded to another Applicant who has received a positive merit-based evaluation.

In the event of transferring funds to the Scholarship Holder's/Fellow's account which is denominated in another currency, all related costs, including currency conversion costs, shall be borne by the Scholarship Holder/Fellow.

1. Payment schedules under the Programmes

Payment schedule	Advance payment	I partial payment	II partial payment	Balance payment

B	90%	Not applicable	Not applicable	10%

D	20%	30%	40%	10%

The Agency reserves the right to indicate a different payment schedule in justified cases.

2. Termination of the Agreement with the Scholarship Holder/Fellow

Termination of the Agreement may take place in justified cases based on the parties' agreement or in cases specified in the financial agreement, including gross failure to comply with the provisions of the Agreement, ignoring requests for improvement of activities sent by the Agency or the Centre, providing by the Beneficiary false information in the Application in the call for proposals under the Programme, of which the Agency learns during the term of the Agreement, or in the case of a behaviour violating legal and cultural norms of a given country, of which the Agency learns from the Host Institution or a diplomatic mission, or when the Scholarship Holder/Fellow has been disciplinarily punished or convicted by a final court judgment for an offense committed intentionally or an intentional fiscal offence - also with immediate effect.

VI. REPORTING AND RULES OF PROJECT FINANCIAL SETTLEMENT

1. General rules of project financial settlement

The Scholarship Holder/Fellow shall be responsible for timely settlement of project implementation by submitting partial (if applicable) and final reports as well as other settlement documents indicated in the Announcement to the Agency.

Reports shall be submitted in electronic form via the Agency's ICT system using electronic forms prepared and made available by the Agency, unless the Agency indicates another form of submitting the report.

Partial reports shall be submitted within 14 days from the end of the reporting period. Final reports shall be submitted within 30 days from the date of completion of the Project implementation indicated in the Agreement and other settlement documents within the time limits specified in the Announcement.

All amounts provided in the Project implementation reports shall be expressed in PLN. Model reports and other billing documents shall constitute a part of the Agreement.

A correctly prepared report shall be subject to verification and approval by the Agency's employees in terms of its compliance with the Announcement and the Agreement. The report shall be assessed in accordance with the principles set out in the Announcement or the Agreement.

In the event of submitting an incorrectly prepared report or submitting an incomplete report, the Scholarship Holder/Fellow shall be obliged to correct or complete the report within 14 days from the date of receiving information about the need to correct or complete it in the Agency's ICT system. In this case, the deadline for its evaluation shall be suspended.

Failure to submit the report within the indicated deadline or failure to correct or complete it within the indicated deadline shall constitute the basis for withholding further financing and may constitute the basis for requesting the Scholarship Holder/Fellow to return the received funds.

Failure to submit the final report by the specified deadline as well as submission of a report which does not meet the requirements set out in the model report may constitute the basis for not allowing the Scholarship Holder/Fellow to participate in the subsequent call for proposals announced by the Agency and to request the Scholarship Holder/Fellow to return the received funds.

2. Eligible costs

Detailed information regarding individual Programmes shall be described in relevant Announcements.

There are two main cost categories possible under the programmes:

- costs settled in the form of flat-rate amounts,
- costs settled on the basis of the actual costs.

2.1. Costs settled in the form of flat-rate amounts

A flat-rate amounts is one of the simplified methods of expenditure settlement.

These sums may be used only in the case of costs which are defined as flat-rate amounts in the Announcement.

The use of flat-rate amounts in the project means that they shall not be settled on the basis of factually incurred expenses. The Scholarship Holder/Fellow is not obliged to collect and present accounting evidence to confirm such expenses.

A flat-rate amounts may apply to the following types of costs:

- 1) Scholarship - the eligible amount shall be calculated by multiplying the number of months for which the scholarship has been granted and the scholarship rate specified in the Announcement;
- 2) Travel costs (including, for example, mobility allowances) - the rate shall include travel and return travel as well as the costs related to the travel to the place of mobility by various means of transport. The rates may be determined depending on:
 - a) the length of the route,
 - b) specifying whether the country of arrival or departure is a European or a non-European country;
- 3) Cost of living - the eligible amount shall be calculated by multiplying the number of months and the rate for living costs specified in the Announcement.

In the case of the scholarship and the cost of living: the full monthly rate shall be due when the Scholarship Holder's/Fellow's stay lasts 15 or more days. For stays lasting less than 15 days, half of the monthly rate shall be applicable.

The qualifying condition for receiving funding shall be the factual fulfilment by the Scholarship Holder/Fellow of the project's assumptions.

In the case of flat-rate amounts, the eligibility of costs shall be verified by checking:

- 1) the period of the Project implementation,
- 2) the mobility period of the Scholarship Holder/Fellow (and accompanying persons, if applicable),
- 3) verification whether the assumed results and products have been achieved and the declared activities implemented.

2.2. Costs settled on the basis of actual costs

- 1) The confirmation of actual costs shall constitute the appropriate accounting document (invoice including name or equivalent document) and payment confirmation (e.g. bank transfer).
- 2) Settlement of the costs shall take place at the stage of the submitted Report containing the list of source documents confirming the incurred cost.
- 3) Additionally, if it is required by the Announcement, the Scholarship Holder/Fellow shall attach to the settlement scans of accounting documents, e.g. invoices, bills, tickets, a copy of visa from the passport, etc. issued for the Scholarship Holder/Fellow.
- 4) Documents expressed in a foreign currency should be converted into PLN at the average Polish Central Bank (NBP) exchange rate as on the day preceding the date of issuing the financial document (invoice, tickets), e.g. a ticket from 6 May 2021 – according to NBP table of 5 May 2021.
- 5) If no documents confirming the incurred costs are presented, NAWA shall consider the cost ineligible.

3. Ineligible costs

3.1. Costs settled on the basis of flat-rate amounts

Costs settled on the basis of flat-rate amounts may be considered ineligible if the Scholarship Holder/Fellow fails to achieve the project objectives, i.e. the assumed results and products are not achieved, and the declared activities are not implemented.

3.2. Costs settled on the basis of actual costs

- 1) costs incurred outside the cost eligibility period specified in the Agreement;
